

Developed technology by the silk-technology section,bsrti rajshahi

Sl.no	Name of developed Tecnology	Importent features
1	Multi-end reeling machine with ree-reeling.	<ul style="list-style-type: none"> ➤ Suitable for production of quality raw silk. ➤ It is suitable for 20/22 denier raw silk (fine yarn) production.
2	solar cocoon dyer	<ul style="list-style-type: none"> ➤ It is used for cocoon drying. ➤ Easy to operate.
3	Cottage reeling machine with re-reeling (Double and Single basin).	<ul style="list-style-type: none"> ➤ Improved and quality raw silk production can be possible with minimum cost. ➤ Can be driven both electricity and manually.
4	Metallic thai reeling machine.	<ul style="list-style-type: none"> ➤ It is used for coarse quality raw silk production. ➤ The rural women can be easily use and earn additional income.
5	Metallic pedal charka and pedal cum motorized charka.	<ul style="list-style-type: none"> ➤ Suitable for spinning of quality spun silk. ➤ The rural women can be easily use and earn additional income.
6	Multi-fuel low cost cocoon dryer.	<ul style="list-style-type: none"> ➤ It is used for cocoon drying. ➤ Easy to operate.
7	Three-pan cocoon cooking system	<ul style="list-style-type: none"> ➤ Multi-fuel (Electric,oil and wood) can be used. ➤ It is used for cocoon cooking.
8	Approuvettee	<ul style="list-style-type: none"> ➤ It is used for measuring single filament leanth. ➤ Easy to operate.
9	Measuring Meter	<ul style="list-style-type: none"> ➤ A counter meter is attached for measuring filament length of single cocoon.

10	Denier Scale	<ul style="list-style-type: none"> ➤ It is used for determinate of raw silk denier.
11	Booking machine	<ul style="list-style-type: none"> ➤ It is Used for bundling of silk skeins. ➤ Folden small skeins and long skeins are made in to 2 kg and 5 kg books, respectively.
12	Formulation of simple method for price fixation of silk cocoons.	<ul style="list-style-type: none"> ➤ It is used of price fixation of green ococoons by the formula.
13	Mud walled cocoon dryer.	<ul style="list-style-type: none"> ➤ It is made by brick and mud. ➤ It is used for cocoon drying in Bhaduri season..
14	Re-reeling machine	<ul style="list-style-type: none"> ➤ It is used for re-reelig raw silk for skning.
15	Wodden pedal charka	<ul style="list-style-type: none"> ➤ it is made by wood. ➤ Suitable for spinning of quality spun silk.
16	Metallic ghai reeling machine	<ul style="list-style-type: none"> ➤ It is for fine and coarse yarn reeling . ➤ It is made by matle .
